Fiscal Years 2018 – 2020
Federal Transit Administration (FTA)
Disadvantaged Business Enterprise (DBE) Program Goal

Pursuant to United States Department of Transportation regulation at 49 CFR Part 26 titled “Participation by Disadvantaged Business Enterprises in Department of Transportation Financial Assistance Programs”; CATA announces its goal for FTA-funded projects for Fiscal Years 2018 – 2020.

CATA proposes the adoption of an FTA DBE Program Goal of 1.24 percent for FY 2018 – FY 2020. The recommended DBE goal of 1.24 percent will be met through race neutral means. Race neutral participation occurs when CATA purchases transit-related goods and services from Michigan Department of Transportation (MDOT) certified DBE firms when there is no specific requirement for DBE participation associated with the purchase or contract.
